Cost And Need For Financing

The Foundation has been started with contributions from some friends of the Foundation and board members and contribution in kind and resources from the Sindh Medical College Alumni Association of North America. Help and assistance from several co-sponsors of various training programs has been most gratifying.

The cost of training one participant, which includes printed course materials, varies between Rs. 1500 to Rs. 2000. Whereas, the Foundation charges between zero to Rs. 500 depending on the participants ability to pay. The balance is made up by donations and sponsorships. Similar training in USA and Europe would cost between US\$ 250-500.
